

To: THE NATIONAL TRANSPORT AUTHORITY, Dun Sceine, Iveagh Court, Harcourt Lane,
Dublin 2.

**SUBMISSION TO THE NATIONAL TRANSPORT AUTHORITY REGARDING BUS
CONNECT PROPOSALS**

This submission is an outright rejection of NTA plans to remove the following routes from the Drimnagh/Crumlin area

Route 122 / 123/ 18/ 77A/ 56A/ 27 and 151

I wish to object on the following grounds:

- No direct access to O'Connell Street
- No direct access to Synge Street School
- No direct access to the Assumption School Walkinstown
- No direct access to James Hospital by bus
- No direct access to the Coombe Hospital
- No direct access to the Eye & Ear Hospital
- No direct access to South Circular Road/ Camden Street area
- Extremely negative impact on older people
- Extremely negative impact on people with disabilities
- Extremely negative impact on school children
- Extremely negative impact on mothers and babies
- Crowding on Luas at Drimnagh area
- Anti social behaviour near Luas stops in Drimnagh area
- Extra expense by being forced to use Luas

There is a clear social need to maintain current bus services in our area.

There is no objection to other circular routes being added but not at the expense of the most vulnerable in our community.
